We are pleased to introduce ourselves as an Environmental Engineering, Consulting & Contractors- an EPC company. As Consultant we are involved in this field since last 10 Years with experience engaged in Environmental Consultancy, Auditing of ETP, STP & WTP Up gradation, Designing and Execution of ETP, STP & WTP projects in related to Textile, Aromatics, Pharmaceuticals, Winery & Paints industries.

A pioneer of water treatment in India with a legacy spanning over Three decades, Envocare is today a premier company in water and environment management with a global presence. Formed in 2017, as a subsidiary of the Healthy Aura Limited, UK, Envocare became a wholly Indian company in 2017. Over the years, we have accumulated a wealth of experience and are now recognized as a leading solutions provider, one of very few companies worldwide with complete range of solutions for Water, Wastewater Treatment, Solid Waste Management and Waste to Energy.

With sales, production and service footprints across India, we serve our markets with a sustained focus on customer satisfaction, technological innovation and dedicated service.

As an individual consultant, I am led by technocrats having more than 48 years of experience in the projects while working with multinational companies in similar field.

We also undertake designing and drafting of Civil, Electrical & Mechanical engineering, and drawings, preparation of budgetary quotation & BOQ, SLD, working drawing, as built drawing for the projects. We aim to offer a wide range of service without losing site of our core skills, enabling ourselves to provide you with a greater level of service satisfaction. Our comprehensive technologies, products and services, enable our multidisciplinary teams of experts to cater to Industries, Institutions, Municipalities, Communities, and Homes.

Also assure you our all-time best Services.
